Dear Kim and Sarah,

I send this email to both of you as there are some overlapping requests. Perhaps the two of you could coordinate the responses so nothing falls between the cracks.

As a result of the June 12, 2018 CBOC meeting we have the following requests for information to the District:

1. Are any Measure G projects planned to be brought forward to the Governing Board for approval in the current calendar year?
2. It was mentioned in the meeting there is a 36 month bond series deadline for 85% usage of the funds, we would like the District to provide details on this rule and the time frame for NUSD required to spend the remaining money, est. \$11.4 million, without incurring any penalties
3. We would like to get the current (FY 2017-2018 till present) interest information about Measure G separated by LAIF and County Treasury investments.
4. Could the District follow up with CFS to get Measure G and B interest separated on the CFS reports?
5. We would like the District to provide accurate map and invoice information for the playgrounds at all sites.
6. We would like to receive the actual copies of the Vanir invoices from FY 2017-2018 till present? We earlier requested time sheets, but they were not provided in the meeting, we would like the District to provide them to the CBOC.

Also we would like a time frame as to when we can expect the answers to these requests.

Regards,

Cary Knoop

CBOC Secretary
