

NEWARK UNIFIED SCHOOL DISTRICT CITIZENS' BOND OVERSIGHT COMMITTEE

CBOC ANNUAL REPORT 2017-2018

LETTER FROM THE CHAIR

Dear Community Members,

As Chair of the Newark Unified School District's Citizens' Bond Oversight Committee it is my pleasure to present the sixth Annual Report of the Measure G Bond Program.

The Bond provides a local funding source approved by the Newark voters in November of 2011. The purpose of the Committee is to inform the public concerning the expenditures and uses of Measure G bond proceeds. The Committee's legal charge is to actively review and report on the expenditures of taxpayer money for school construction.

Voters approved \$63 million in bond authority for the Measure G Bond Program in an effort to preserve quality education, provide safe and modern schools, and qualify for matching funds. In the past six years, Newark Unified School District planned, designed and constructed projects towards updating aging facilities to meet earthquake/fire/safety standards; improve access for students with disabilities; remove asbestos, lead and hazardous materials; and improve energy/operational efficiency to maximize funding for instructional programs. Today, these efforts continue with additional projects are being planned.

The Citizens' Bond Oversight Committee is currently made up of six members. This committee meets on a quarterly basis to monitor the progress of Measure G projects. The meetings are open to the public and the schedule for the meetings, along with other pertinent information about the committee and the Measure G Bond Program, can be found on the Newark Unified School District website at:

<http://www.newarkunified.org/CBOC>

Based on the review and observations of the Citizens' Bond Oversight Committee, we find that the Newark Unified School District is in compliance with the requirements of Article XIII A, Section 1(b)(3) of the California Constitution and that funds are being used for the purposes specified in the ballot language.

Sincerely,

Marek Yarbrough

June, __ 2019

Citizen's Board Oversight Committee Chair

THE MISSION AND PURPOSE OF THE CBOC

The shared vision of the Citizens' Bond Oversight Committee and the Newark Unified School District is to build and maintain schools that promote the full development of children, are educationally and environmentally sound and enhance surrounding neighborhoods positively.

The mission of the Committee is to oversee program and project expenditures for the construction, repair and modernization of schools in accordance with California law and as required by Bond Measure G ballot language.

The Committee is charged with the responsibility of communicating its findings and recommendations to the District and the public as it reviews information to ensure that the bond funds, authorized by the local voters through Measure G, are expended per ballot language and in a wise and efficient manner.

BOND SYNOPSIS

In November of 2011, citizens of Newark voted to pass Measure G, a \$63 million general obligation bond, to assist with capital improvements at 12 of the 13 Newark Unified School District school campuses. The Bond funds will address safety and health concerns for the children at each of the 12 school sites and will help improve the learning environment through construction, repair and renovation of building, site and technology infrastructure.

GENERAL PROGRAM SCOPE

The program scope includes construction projects for replacement of deteriorated roof systems, HVAC units (Heating, Ventilation and Air Conditioning), including the Energy Management System (EMS) and Asphalt Concrete Pavement at the Hardcourt Play Areas. In addition, projects are addressing technology, safety and security with upgrades for access compliance, security cameras and public address systems.

The extent of improvement will vary based on needs of each site.

CBOC ACTIVITIES

In the financial year 2016-2017, the CBOC had four regularly scheduled meetings, two special meetings to inspect the school facilities, and grounds and one special meeting to discuss and vote on the 2015-2016 CBOC Annual Report. The average member attendance rate was 79%.

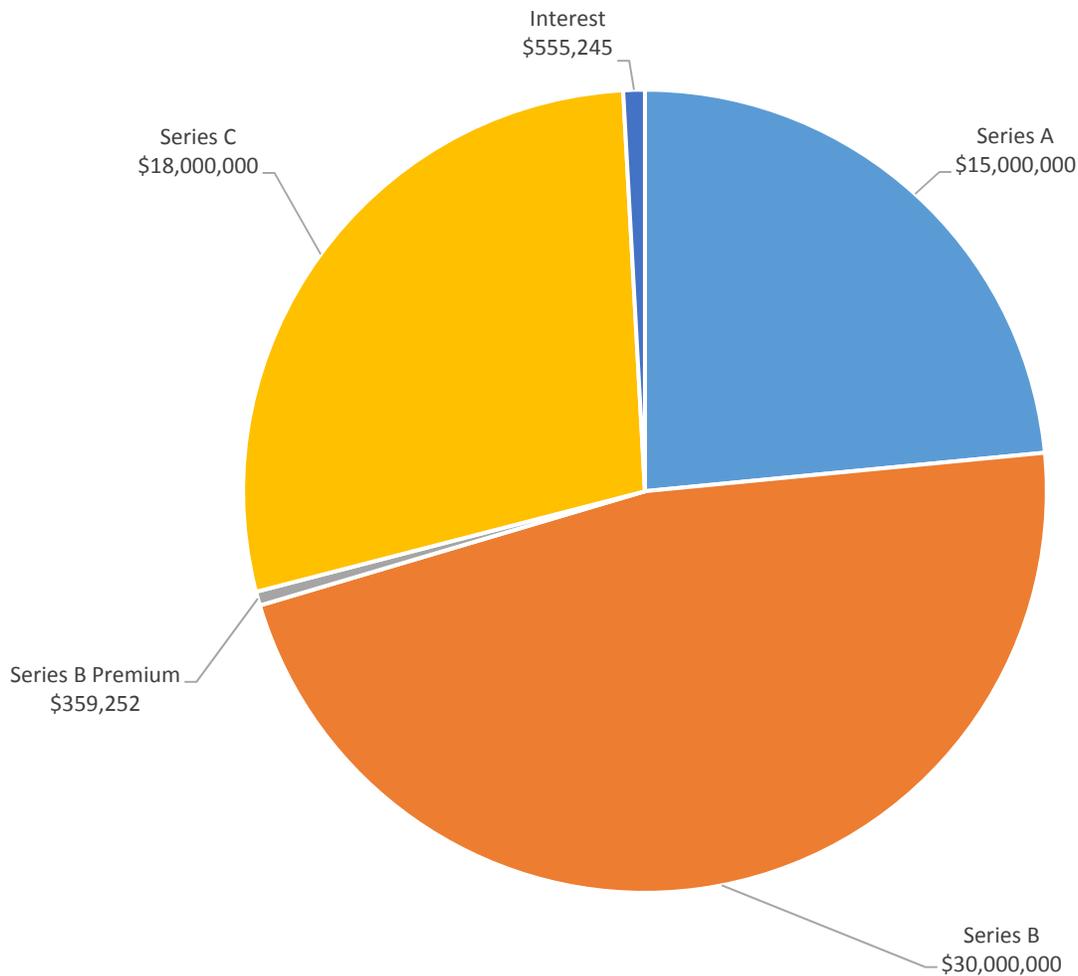

During the financial year, the CBOC reviewed the quarterly financial and project reports and asked questions on matters it needed clarification on.

MEASURE G BOND SALE

Sale	Amount	True Interest Cost
Series A	\$15,000,000	3.89%
Series B	\$30,000,000	4.31%
Series B Premium ¹	\$359,252	
Series C	\$18,000,000	2.53%
Series C Premium ²	\$0	
Interest	\$555,245	
Total	\$63,914,497	

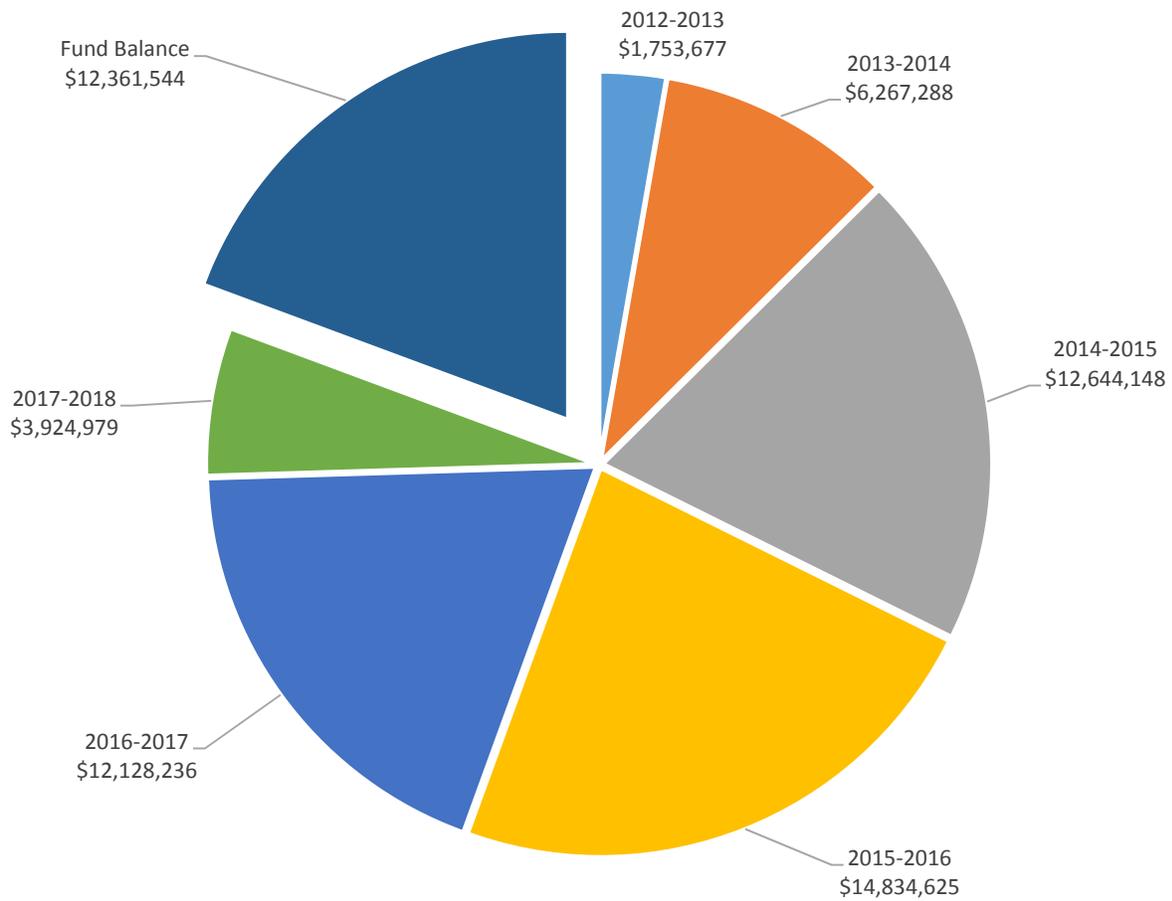

¹ Includes a \$10,748 transfer to the Bond Interest and Redemption Fund.

² Includes a \$1,539,636 transfer to the Bond Interest and Redemption Fund.

EXPENDITURES BY FINANCIAL YEAR

Equipment	\$77,523
Total	\$51,552,953

2. BY SCHOOL

3. NON-SITE-SPECIFIC BREAKDOWN (TOP 10)

FACTS, FINDINGS AND CONCERNS

1. THE DISTRICT CONTINUES TO HAVE NO DEFERRED MAINTENANCE PLAN AVAILABLE FOR REVIEW

The Committee is concerned that no deferred maintenance plan is available. Good deferred and preventative maintenance planning can prevent or minimize (future) bond expenditures. It is acknowledged that the masterplan has requested a deferred maintenance plan.

2. THE GOVERNING BOARD STILL HAS NOT PUBLICLY ADDRESSED THE IMPLICATIONS AND TIMING OF MOVING THE WHITEFORD PRE-SCHOOL IN RELATION TO EXPENDING BOND FUNDS AT THIS SITE

Whiteford students and teachers did benefit from the projects for one school season. The Whiteford pre-school move was first brought up in April 2014 ^(3.9). However, neither the District Office nor the School Board followed up in public on this item after an approved one-year extension on the study. Only in May 2017 did the District Office report to the board that a move to Musick was imminent. Implications and timing with respect to bond expenditures were never addressed in public.

3. AS LONG AS WHITEFORD IS NOT PREDOMINATELY USED FOR STUDENT TEACHING, USING BOND FUNDS FOR THIS SITE IS AGAINST THE BOND LANGUAGE

The Committee finds funds used for Whiteford in the year 2016-2017 conform to the bond language because the site was used to predominately teach students. When any site is no longer destined to be used to predominately teach students the Committee considers it is no longer a valid site for bond expenditures.

The bond language exclusively lists sites that are predominately used to teach students, and specifically the District Office is excluded for the bond language explicitly states that no funds can be used for administration.

4. FUTURE BONDS

The bond money has been tapped to provide 80% of the funding for the masterplan. The process of developing the masterplan has included an effort to justify the needs for a future bond. There has been no specific documentation provided to the committee that the bond funds have been excluded from paying for the promotion of a future bond.

5. RETROACTIVE PAYMENTS FROM THE BOND

The administration has made a significant number of re-categorized debits from the bond accounts where they have researched and identified payments previously allocated to other funding sources. The process of retroactively transferring payments from bond accounts long after they were approved and settled from other funds presents a challenge for oversight and risk of error.

BOND PERFORMANCE AUDIT

The Bond Performance Audit Report produced by Christy White Associates forms part of this report.
