

Newark Unified School District  
 Education Protection Act  
 2017-18 Budget Adoption

Proposition 30, the Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012, temporarily increases the State's sales tax rate for all taxpayers and the personal income tax rates for upper-income taxpayers. Proposition 55, approved on November 8, 2016, extends the personal income tax through 2030.

The revenue generated from Propositions 30 and 55 is being accounted for in separate resource code, known as the Education Protection Account (EPA). However, the EPA serves as an offset against Local Control Funding Formula (LCFF) general fund revenue. It does NOT provide additional revenue above the LCFF per ADA formula. The funds fluctuate at the recertification of each apportionment during the year.

To ease the extra accounting and position control burden created by the up and down fluctuation of the EPA revenues, beginning with the 2015-2016 school year, the District began journaling teacher salaries and related benefits into the resource as needed to balance the resource against the unrestricted general fund rather than split-funding positions or moving positions in and out of the fund throughout the year. This practice will continue in 2017-2018.
